

DEFENSIVE EDGE SLR15 Rifles

LAW ENFORCEMENT FIREARMS INSTRUCTOR Handgun & Carbine-Rifle Annandale Police Department – May 15 – 19, 2017

This course will certify students as Instructors in Handgun and Carbine-Rifle, who will be able to implement firearms training and qualification courses. This course is 50-hours in length and is designed to teach Instructor Candidates the proper methods of instructing students in Law Enforcement applications of Handgun and Carbine Rifle. This course also discusses legal issues, use of force or department policies. This course is designed to greatly increase the candidates' shooting and teaching ability.

At the end of this course, the Instructor Candidates will be able to effectively present material to shooters and will be able to coach the individual shooter to a higher standard. Instructors will be able to identify errors not seen before and will be able to correct those errors quickly and effectively. Techniques will be explained in a depth not experienced before and all techniques will be linked into a coherent system of firearms usage.

SUBJECTS COVERED: Firearms safety as it pertains to Law Enforcement applications and employment. Including the basics of firing, stance, grip, sight alignment, trigger press, speed reloading, tactical reloading and stoppage drills, rapid multiple shots on single targets, rapid engagement of multiple targets, and engagement of targets from the ready position. The draw from duty equipment, the concealed draw, the proper tactical response to single or multiple opponent situations will be covered. Contact distance employment of the handgun and carbine, moving to the rear and laterally while drawing and shooting, rapid assumption of various shooting positions such as kneeling and prone which will allow the shooter to gain more accuracy and protect themselves from being injured, use of cover, and pivots and turns. A low light session will be included.

Approximately 10 contact hours will be spent in the classroom. Approximately 40 contact hours will be spent on the range. For a complete list of topics covered in the classroom and range, and the equipment for class, visit our website or email for details. www.slr15.com.
